

Basic Detail Report

Mold, Ring

Date

c. 1870

Medium

earthenware with low-fired overglaze

Description

Earthenware "Turk's Head" mold: press-molded red-orange color body clay, coated with a clear glaze, which

has fired to a bright pumpkin-orange color; embossed fluting on interior, with considerable detail at the base of a tapered, cone-shaped center column; scalloped edge at upper rim.

Dimensions

3.25 x 8.5 in. (8.3 x 21.6 cm)
