

Basic Detail Report

Goggles

Medium

plastic/metal/rubber

Description

Peach and black, metal and plastic safety goggles. The front of the goggles have a see-through peach colored plastic frame. The end piece and the temple of the goggles are also made up of the peach colored plastic.

Inside of the end piece and the temple runs a silver metal

bar, presumably as support. The lenses are made of an all clear plastic. The glass does not seem to have a prescription. There is a hinge on both sides in order for the temple piece to fold inward. The earpiece is made of metal covered in rubber. On the sides of the goggles is an attached wire mesh and clear plastic protection piece. It is attached to the goggles in the middle back of the front frames, with circular clasps. the wire mesh is black and is attached by being a part of the clear plastic . The protective covering folds in toward the bridge in order to fold the temple. Text on the proper right arm, proper left arm, top left corner of proper left frame in a circle, top right corner of the proper right frame in a circle, top of the proper left protective piece, and bottom of the proper right protective piece.

Dimensions

2.25 x 5.5 x 5.375 in. (5.7 x 14 x 13.7 cm)
