

# Basic Detail Report

---

## Fragment

### Medium

Metal

### Description

Silver metal wheel with two layers creating a hollow space partitioned with curved fins which appear to cause the wheel to spin when air or a liquid is passed through. The wheel has a hole in the center allowing for an axle of

some sort. The reverse side of the wheel has a white paper note attached to it which has writing in blue ink that provides source information.

### Dimensions

0.313 x 5 x 15.75 in. (0.8 x 12.7 x 40 cm)
