

# Basic Detail Report

---

## Instrument, Surgical

### Medium

Metal; Plastic

### Description

Arthroscope, metal and plastic surgical instrument. At one end there is a black, cone shaped piece of plastic with a tubular lens down the center, through which the viewer can see what is at the end of the rod. The plastic is attached to a thick metal rod which is then attached to a thinner metal rod with a lens at its angled tip. A knob with a lens down the center comes off of the thick section of the metal rod. The thick section of the rod is marked with the manufacturer's name and code numbers.

### Dimensions

Height x Length x Depth: 1.25 x 9.75 x 1.75 in. (3.2 x 24.8 x 4.4 cm)
