

# Basic Detail Report

---

## Prop, Theatrical

### Date

1968-2001

### Medium

Plastic

### Description

Plastic tool set television props consisting of hammer (a), pliers (b), rake (c), shovel (d), and bucket (e). (a) Plastic hammer with a brown handle and a silver painted head. The handle has blue marks on both sides and a groove on the front and the back. (b) Silver painted plastic pliers with textured grips. The teeth curve around an open space in the mouth and come together at the tip. (c) Plastic rake with brown handle and a silver painted end with teeth attached to a cross bar. The handle is grooved on both sides with the groove on the backside deeper than the front. (d) Plastic shovel with brown handle and a silver painted head. The shovel is straight edged with angled sides and a tapered edge. (e) Silver plastic bucket with a handle which connects through holes on the sides near the top. The opening of the bucket has an overhanging lip. The base is raised in the center.
