

Basic Detail Report

Ammeter

Primary Maker

Westinghouse Electric and Manufacturing Company

Medium

metal; glass

Description

Circular, black metal ammeter. Face features black background with white numbers ranging from 0 to 16 printed around circumference of meter, with tick marks between the numbers. Metal silver hand attached to a circular metal device in the center section. Yellow and

white text below the numbers, in center, and throughout the bottom section. Glass cover. Four metal screws attached back to front of amp. On back, long screw protrudes from proper left side. In center, there are four screws, two rows of two, and three knobs surrounding these screws, with two knobs in top row and one in the bottom row. Hole in the bottom row indicates there may have been another knob there, but has detached. There are faint stamps below these knobs and screws, but they are illegible.

Dimensions

Diameter x Depth: 7.438 x 6.938 in. (18.9 x 17.6 cm)
